QuietWean Calf Weaner

A two-stage, low-stress weaning system for calves. Plastic nose tags prevent calves from nursing for several days while still in full contact with the mother. After separation, bawling is reduced by as much as 95% and calves spend up to an extra hour per day eating. 6024 012

199 per tag

Sure-Roll Gate Wheel

Prevents the gate end from sagging and gouging, making opening and closing easier. Fits all gates with round tubing from 1 5/8" - 2" outside diameter. 6000 319

16⁹⁹ each

Pasture Fenceline Gates

For low-pressure applications. 5-bar design; 50" high; "J" type hinges.
